1. I was stum - bling in the dark - ness, lost with - out a home.  
2. Blood that flowed down from the cross, it stained the earth be - low,  
3. Spir - it gives me com - fort and He shows the way to go;  
4. You stoop down and make me great; My cup, it o - ver - flows.

B♭ C Dm B♭ C F

You took sins that were as scar - let, made them white as snow.  
Red with love that paid the price to make me white as snow.  
Now He lives in - side me, 'cause You made me white as snow.  
Full of all You've blessed me with, You make me white as snow.

*Chorus: sing both lines, then back to verses*

B♭ C F Dm B♭ C F

Turn my dark in - to light and You make me white as snow!  
Out of death, in - to life and You make me white as snow!
