You took sins that were as scar - let, made them white as snow.  
red with love that paid the price to make me white as snow.  
now He lives in - side me, 'cause you made me white as snow.  
full of all you bless me with you make me white as snow.

Turned my dark in - to light and you made me white as snow!  
Out of death in - to life and you made me white as snow!
